"Dawson had an expectation to bonus his way throught the tournament, which he did," Red Oak head wrestling coach Tiegen Podliska said. "We didn't wrestle everybody, because the end goal starts next weekend; we would have competed better as a team with all our horses. Overall, I felt like we left some matches out there. We made some young wrestler mistakes which hurt at the time, but becomes a little more acceptable when you remember that half our lineup is underclassmen."

The Red Oak wrestling team took eight grapplers to the Harlan JV wrestling tournament on Monday, Jan. 24, and brought home two first place winners: Chase Roeder and Jaxon Terry.

"The three girls all had wrestled at Girls State over the weekend and to see them come back and give the boys they matched up with such a battle was really impressive," Red Oak assistant wrestling coach Nathan Rouse said. The Stanton girls basketball team passed two tests last week, finishing the week 17-0.

Thursday, Jan. 27, Stanton hosted CAM in non-conference action and the Queens and Kings came out with the win, the Vikings battling it out in overtime.

The Queens began the sweep with a highly defensive 45-34 win over the 12-3 Cougars.

Things swapped in the second quarter, as the Queens added just five points, all from Leah Sandin, and the Cougars produced 11 points to close the gap to a Viqueen 19-17 lead at the half. WE ARE GOING TO THE SUPER BOWL, BABY!!!

It appears that the Mayor and Pdawg tied for first place. They have both told me they are cheering for and choosing the Rams to win, so they will remain the leaders.

With the Hubs being a Fortywhiners fan, the game on Sunday was the quietest game ever at the house! Pdawg left and the Hubs and I sat in our respective places and mumbled quietly. When the

Whiners got up by 10 points, I gave up and began typing wrestling for work. I still had the game on, I just wasnt totally focused on it. And the Hubs left the room. And the boys got worried. They feared they were losing their sole fan and began a come back. As my main man AD pressured Jimmy G and forced a turnover, I jumped quietely and waved the Rams rally towel!

I haven't seen the Hubs since. Horns up, Ramily!

The Southwest Valley Timberwolves basketball teams competed three times last week as they near the end of regular season play.

On Monday, Jan. 24, the Timberwolves dropped both games to AC/GC at home.

The girls fell 69-31 to the Chargers (10-7) who had a balanced team attack, having 11 players score in the contest.

"Coming off a close loss to East Union, we knew the style of game would be completely different in this one," Southwest Valley head girls basketball coach Mike Cormack said. "ACGC is very quick and very aggressive. We were very close in rebounding, but had no answer to their quickness tonight on both ends of the floor. Our girls were trying and I am proud we were still diving on the floor or chasing down players on fast breaks late in the game, but they are a difficult matchup for our team."

SWV girls: Maggie Haer 12 points, three rebounds, three assists, three steals; Norah Lund 10 points, two rebounds, two assists; Charlee Larsen four points, two rebounds, five assists, two blocks; Rebecca Wetzel two points, five rebounds, one steal, one block; Alana Drake two points, three rebounds; Haidyn Top two rebounds, one block.

SWV boys fell 83-49 to the Chargers.

SWV boys: Gabe Fuller 14 points, three rebounds, two assists, one steal; Owen Wilkinson 10 points, one rebound, two assists, one steal; Joey Oathoudt eight points, four rebounds; Isaac Currin seven points, one rebound, one steal; Blake Thomas six points, two rebounds, one assist; Sawyer Hensley two points, one rebound, three assists, one steal; Caleb Pearson two points, two rebounds.

SWV girls fell to Lenox 54-31 in Pride of Iowa Conference play on Tuesday,

Both teams fought hard on defense with Sadie Cox scoring 21 points for the Tigers.

Ryanne Mullen finished with 10 points to lead SWV.

"I cannot fault the efforts of the girls tonight," Cormack said. "Every player did something positive tonight. We limited their second leading scorer

to two points and another player who got six points tonight, got

16 from her in our first game. We just missed open shots and couldn't compete on the boards with a talented rebounder like Cox, [who finished with 19

SWV girls: Mullen two rebounds, four assists; Haer eight points, six rebounds, three assists, three steals, one block; Wetzel five points, four rebounds, one assist; Larsen four points, four rebounds, two steals, one block; Lund two points, three rebounds; Sierra Pearson two points, one rebound; Drake two rebound.

SWV boys fell short of a come-back, falling to the Tigers 48-47, after coming back from a 29-16 halftime deficit.

SWV boys: Roman Keefe 17 points, one block; Thomas seven points, five rebounds, one steal; Fuller seven points, one rebound, one assist, one steal; Wilkinson five points, two rebounds, two assists; Currin five points, three rebounds, three assists, three steals; Pearson four points, three rebounds, one steal; Oathoudt two points, nine rebounds, two steals, three

SWV girls fell to a scrappy Central Decatur team 51-34 on the road, after dropping a threepoint lead at the end of the first period and a four-point lead at the half.

"This was a much closer game than the final score indicates," Cormack said. "I saw growth in my team and every player made a positive contribution when they played. Our depth with players out and foul trouble hurt us late, but I couldn't be prouder of the fight in our team against a quality team full of seniors."

SWV girls: Lund 16 points, one rebound, one assist, two steals, one block; Haer six points, four rebounds, one assist, three steals; Mullen five points, three rebounds, one assist, two steals; Larsen three points, nine rebounds, one steal, one block; Wetzel one point, three rebounds, two steals; Top two rebounds, one assist, one steal; Madeline Bevington one rebound; Drake five rebounds, one assist, three steals; Sadie Groszkrueger one rebound.

The teams traded baskets in the third period, ending with Stanton in the lead 43-41, which the Vikings capitalized on the momentum and began the final period on a 4-0 run. Back-to-back treys from Stanton's Evan Gettler with four minutes remaining pulled the Vikings ahead 55-46, but CAM hung around and Rich drained another trey at the buzzer to knot the score at 61 and send the game into overtime.

The Cougars scored the first three points, but the Vikings were clutch at the line, going nine of

East Mills

The week began on Tuesday, Jan. 25, with a conference regular season game against East Mills where the Viqueens rallied for a 59-48 win. The Queens started slow, struggling to keep pace on the defensive end.

"Fortunately, we were scoring, which allowed us to stay in the game, but the defense was a step slow," Stanton girls head basketball coach Dave Snyder said.

The Wolverines were hitting cutters through the lane for easy buckets, ending the half leading 28-20. The Wolverines started the second half hitting on two threepointers and extended the lead to 14 points, but the Queens would not fold and were down by just five points at the end of the third period. Stanton's top scorer, Stephens, fouled out with the team down by four points and only four minutes of play left in

the game. "With Jenna out, we switched our offensive scheme to post up our guards and in turn we got to the free throw line," Snyder

Stanton hit 11 free throws in a row to seal the come-from-behind victory.

Stanton had four players finish in doubledigits, with Sandin, Johnson, and Stephens recording 15 points each. A. Burke added 10 points.

Wolverine Emily Williams recorded a near triple-double to lead the Green, finishing with 20 points, 16 rebounds, and nine steals. She also had four assists, two blocks.

Stanton shooting grew cold in the fourth period, and the Wolverines stayed hot, outscoring the Vikes 15-7 in the final minutes to win.

The scoring battle was intense, with Carter Johnson of the Braden West of the Wolverines all scoring 20 or more points.

World-Class STEM programs available to Iowa educators for 2022-2023

From ISU Extension

The Iowa Governor's STEM Advisory Council invites applications for the STEM Scale-Up Program. The program provides STEM educational opportunities to thousands of educators and approximately one-fifth of Iowa students each year, bringing some of the nation's best STEM lessons, labs, kits, software and professional development to preK-12 students and educators in school, afterschool and other educational settings, especially Iowa's historically underserved students. The application period for the STEM Scale-Up Program closes on Feb. 22.

Thirteen programs were selected from a proposal pool of 79 for the 2022-2023 Scale-Up Program menu based on

the Council's strategic priorities, including computing, agriculture, medicine, robotics and connections to STEM careers, spanning early learning to senior year. These priorities ensure that selected programs prepare Iowa students for the future workforce. A higher proportion of students who participate in the STEM Scale-Up Program say they are interested in STEM subjects and pursuing a STEM career, compared to students who did not take part in STEM Scale-Up Programming.

"The first priority established by Iowa's STEM Council a decade ago was that all children, regardless of geography or demography, will have access to top-notch STEM learning opportunities. The means for achieving that priority, the Scale-Up

Program, was launched in 2012 and has steadily grown in reach and impact," said Jeff Weld, executive director of the Iowa Governor's STEM Advisory Council. "Today, educators, learners and communities have a powerful and trusted mechanism for vetting and trying out the best STEM teaching tools out there, second to no one in terms of access."

A team of trained reviewers considered evidence of effect, diversity impact, cost-benefit ratio, sustainability, Iowa Core alignment and more when selecting final programs. The following 13 programs were selected to be offered to preK-12 educators across Iowa for the 2022-2023 academic year:

• Computational Thinking in Action with Micro:bit.

• Daily Math Fluency.

• Project Lead the Way Energy and the Environment. Iowa Leadership in

Engineering Design. Ioponics.

• Nepris - Real World Connections to STEM Career Professionals.

• Project GUTS (Growing Up Thinking Scientifically).

• Ready, Set, Drone! Robot Investigations with Finch Robot.

• SoapyCilantro: A Hands-On Introduction to Precision Health and Agriculture.

• Storytime STEM-packs: STEM + Computer Science.

• Tiny Techies.

• WaterWorks: Engineering and Investigating the Properties of Water in grades PK-2.

The selected educator recipi-

Winter care for our feathered friends: Care for feathered friends during the coldest time of year with these easy-to-do projects

SPECIAL TO THE EXPRESS

Care for feathered friends during the coldest time of yearwith these easy-to-do projects.

We all love the sights and sounds of birds in our gardens and around our homes, but the winter months can be tough on our feathered friends. Because the short days, frigid nights, lack make life very hard on wild birds, there are several ways homeowners can help ensure local bird populations thrive during the coldest time of year. To make the coming weeks and months as comfortable as possible for birds, Westlake Ace Hardware suggests these easyto-do projects to supplement their diets and provide safe shelter and hydration.

The Never-Freeze **Hydration Station**

During winter, dehydration is often a bigger threat to birds than starvation. Because most natural water sources are often frozen solid this time of year. think about creating a Hydration Station near your bird feeders this winter. The water source will help them stay hydrated and properly preened. Preening helps keep feathers aligned, which is essential for birds to sufficiently insulate themselves from the

cold. The easiest and least expensive way to provide access to unfrozen water is to install a heating element to an existing all-weather birdbath. The heating element will keep the water above freezing, even during the coldest months. Installation is easy and can be accomplished by running a weatherproof extension cord to the birdbath and securing it around the base with zip ties - which will help prevent it from becoming unplugged.

A Wintertime "Bird

Buffet" Wild birds survive the winter at a higher rate if they have access to feeders. Therefore, providing reliable sources of high-calorie, high-energy, and high-fat foods is essential. To accomplish this, set up several separate feeding stations: one

for suet. This will ensure you accommodate the widest array of bird species possible. Place the feeders in an area of your yard protected from high winds and replenish the feed often. Because birds need to keep their weight up to keep warm in the winter,

they eat more than you think. of food, and frozen water can peanuts, raisins, dehydrated seed under bushes, decks, and cherries, rendered beef suet pieces, and other ingredients in seed blends such as Audubon Park provide much-needed boosts of energy. Also, to help birds preserve energy in the winter, consider switching to blends that contain "hulled" seed varieties,

or two for seed and another making it easier for them to access much-needed nutrition. Suet is made from a combination of nutrient-dense animal fats and seeds, helps replace scarce live insects, and provides a highcalorie treat.

Not all bird species eat at feeders. For ground-feeding birds such as doves, juncos, The sunflower, safflower, thrashers, and cardinals, scatter other areas where they are more protected from predators and icy winds. A discarded Christmas tree – placed on its side near a feeding area – provides excellent protection from the elements and it will help keep food accessible if there is a snowfall.

A Roof for Roosting

Birds have many natural defenses to help guard against the cold, mainly the ability to fluff up their feathers. However, on frigid nights and during storms, most birds look for a warm and protected place to hunker down and roost. If you have birdhouses in your garden, leave them up during the winter. Many bird species will use the birdhouses for roosting on freezing nights. Easy to install, mount the houses at least five feet off the ground on tree trunks or wooden fence posts. Take care to locate them away from prevailing winds and feeding areas (as it will keep the birds safe

clippings, straw, or wood shavings to the bottom of the houses

Fun By The Numbers Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
