Red Oak's Dawson Bond competed in the Class 2A district 2 wrestling tournament at Glenwood on Saturday, Feb. 12, winning the 160 bracket and advancing to the state tournament.

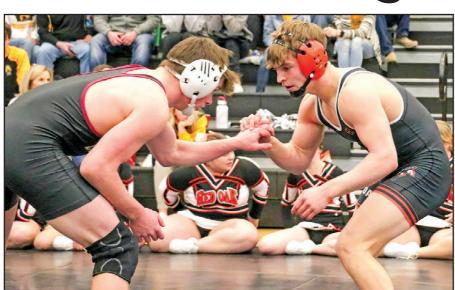

Bond's win came from a win by fall (4:51) over Clarinda's Karson Downey and a win by technical fall (5:46 16-0) over Greene County's Nathan Black. Bond enters the state tournament ranked number six in the bracket at 40-5.

Southwest Valley and East Mills sectional advancers competed in Underwood on Saturday, Feb. 12.

SWV's Brayden Maeder (state ranked eighth) placed second in the 113 bracket, earning him a state advancement with a 37-6 record.

Maeder won by a 4-2 decision over Lucas Bose of Underwood. He then lost by major decision (9-0) to Teagan Slaybaugh of AC/GC to place second. SWV's Bradlee Grantz (17-10)

bracket and Stortenbecker advanced. Southwest Valley had two more wrestlers competing in Underwood: Ian Forsythe and Colin Jacobs.

# Queens undefeated

The Stanton Viqueens kept their undefeated season alive in a 67-64 overtime victory over Lenox on Monday, Feb. 8, at home.

The Queens got off to a slow start as Jenna Stephens scored all nine of Stanton's first-quarter points on her way to a career-high and school record of 41 points in a single game.

"We set goals for every game and a big part of our game is defense, with our goal being 35 or less points allowed," Stanton head girls basketball coach Dave Snyder said. "By half the idea of holding Lenox to that goal was pretty well exhausted with the Queens hanging on to a 26-24 half-time lead."

The first period ended with Lenox leading 15-9. The Queens finally started making their shots in the second period, heading into the break with a 26-24 lead.

"It was very apparent that our ability to score points was going to play a major factor in us winning this game," Snyder said. "It came down to us making runs and countering any Lenox scoring run."

The third period ended with the Queens maintaining a two-point lead, and they pulled ahead by eight midway through the final period, but the Tigers rallied and finished the period

on a 7-0 run to knot the score at 54 and take the game into overtime.

Lenox scored the first points in the OT and battled to a 64-60 lead with 30 seconds remaining. Stephens added two points and Leah Sandin chipped in another bucket to knot the score at 64. With three seconds remaining, Stanton forced a turnover and Marleigh Johnson in-bounded the ball where the Queens passed to Stephens for the deep three-pointer at the buzzer.

"The play was set up to go to Jenna," Snyder said. "The girls did a great job of improvising for what Lenox's defense gave us, and she made the play."

"The thought of breaking the school record had never crossed my mind," Stephens said. "I didn't think going into that game that I would finish the night with 41 points because usually we are a pretty even scoring team. When it came to the game, I had to do what the game called for and I knew I had to step up and be the scorer if no one else could. After that last shot left my hand, I knew it was going in. It felt amazing to make the shot and be able to pull through for my team. This whole team deserved that win and deserves to have the reward of an undefeated season."

#### Nick's Picks vs. Charm's Credence

Record: 747-585-5 Season: 156-128-1

Nick says:

Well, I thought I was done with Nick's Picks but Charm and Peggy insisted I do some sort of postscript on the season. I'm not sure why, considering the only focus I gave the season was during the time Scoop and I were making the picks.

So, the Bengals didn't win. I can't say I'm surprised, but I'd rather have picked wrong and avoided the angry cat than chosen the Rams, and had them lose, and have Scoop mad again.

Speaking of Scoop, thanks to the random predictions made, I didn't finish in last place. Now, the last three are made up of a first timer, someone who left before the final picks were made, and someone who hasn't turned in any picks for the last three weeks, but who cares? I'm not in last place. A win is a win, coach.

I hope my weekly choices made you laugh this season, and I hope you didn't make the same picks I made. Unless they were the ones who won that week. Then I'm all for it.

At any rate, now I can finally relax for about a year, and prepare for the one pick 'em event that I have excelled at, March Madness. I won that three years in a row, which isn't bad considering I did the same type of guessing on those that I did with NFL before partnering with Scoop.

Congratulations to Scoop the Cat as well. A formidable team picker. I'll make sure to stock up on cat treats before the next NFL season. Who knows, maybe next season we won't finish third from last. Maybe we can set our sights on fourth

But all that is down the road. Now is the time to forget about football for the next however many months.

**Charm says:** 

WE ARE THE CHAMPIONS! Time for all those who have EVER made fun of

Record: 838-494-5 Season: 168-116-1

me and my Rams to publicly apologize!

Seriously, I don't need an apology Tristin. I know you jest because you are jealous. It's all good. I will get those nephews of yours to love the Rams and then you can "pretend" to suffer through the Rams games just to "make your nephews happy." It's all good.

I don't want to hear about Ramsey's face mask no call; Stafford's interceptions and throws to the spirits in the middle of the field; nor do I want to hear about the officiating being so good the first 58 minutes of the game and so lousy the final two minutes. As much as I hate to agree with Nick, a win is a win, coach!

Aaron Donald and Cooper Kupp are the most amazing football players in the NFL. I will forever believe in that and yes, I will die on that hill.

As the LA Rams players, coaches, owners, and families all celebrated the win with confetti, I too celebrated.

I received text messages that read congratulations, and the confetti fell on my phone just like in SoFi Stadium!

Colton Thornburg hit social media outlets and admitted that, "Charm Carpenter deserves this win." David Olson invited me to the Kurt Warner movie, which of course I had to turn down because the showing was BEFORE the big game and my gosh I couldn't sit still long enough for a movie!

And the best celebration of all happened before the game. As I entered church on Sunday morning, my favorite usher was standing by the door wearing a Rams t-shirt and welcoming all the Rams fans into the sanctuary!

Horns up, Ramily!

Oh, yeah. I almost forgot ... Pdawg and the mayor tied for best record in the contest, but guess what? IT DOESN'T MATTER 'CAUSE THE RAMS WON!

#### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

The proposed bin would have a capacity for 745,818 bushels, which would help UFC adapt to yield increases, which rose from 36 bushels per acre in 1969 to 56 per acre in 2009. Equally important, the extra space would help speed up the harvesting process for farmers. # Basketball teams take bonding trips

By Preston Carpenter and Nolan Grebin

For a team bonding activity, the Stanton High School boys basketball team went on a trip on Saturday, Jan. 29, to Omaha, to watch the Creighton Bluejays take on the visiting Xavier Musketeers (pictured above).

The game, which was Creighton's pink out game, was a great experience and everyone got a free shirt for cancer awareness. After being up by 17 at halftime, Creighton fell short losing 75-64 to the Musketeers. Brody Holmes said his favorite part of the trip was "getting to watch Ryan Hawkins play." Evan Hopf said, "I love how much the team bonded. We spent a long time together and built up chemistry with each other.'

The Stanton High School girls basketball team (pictured left) traveled to Lincoln, Neb., to watch the Nebraska Cornhuskers play the Purdue Boilermakers on Sunday, Jan. 30.

The Cornhuskers ended up defeating the Boilermakers 81-68. The Husker Women's record is currently 17-5. The team had an amazing time and even got a picture with Jaz Shelley, starting guard for the Nebraska Women's basketball team. When asked, Lexi Frank said her favorite part of the trip was "getting to meet Jaz Shelley and getting to talk to her after the game."

# Chambers reviews newest Hotel Transylvania movie

By Lexi Chambers

Released on Jan. 14; Hotel Transylvania: Transformania is an enjoyable movie and a great addition to the franchise of the Hotel Transylvania movies.

In my opinion, this movie does not reach the quality of the previous movies in the franchise. Due to having a lower budget, the animation

quality isn't as good as the other movies in this series. The movie is also an Amazon Prime Original.

In this movie, viewers once again find Drac struggling to accept and trust Johnny. This plot line has been done before by the franchise. Diehard fans will likely notice that Drac's voice is slightly different because Adam Sandler no longer performs as Drac. Personally, Brian Hull did an incredible job performing the role of Drac and there isn't a major difference between him and Sandler at all.

However, on a positive note, the plot of the monsters being turned into humans and humans being turned into monsters is fun, interesting, and it is a great plot to explore for the final installment. It was a nice touch on how the writers showed Drac handing over the hotel to his daughter Mavis and her husband Johnny. The monsters' human illustrations and otherwise are fantastic.

Most of the comedy is very enjoyable, and it has a great climax and is still a heartwarming story. What the producers did with Johnny in the climax was a great surprise. Hotel Transylvania: Transformania is rated PG. All in all, it was a good movie; it just didn't live up to the quality of the other Hotel Transylvania movies.

#### Sport manager spotlight

Stanton's spotlight manager this month is Lexi Chambers. Lexi is a Stanton High School girls basketball manager this season. As a manager Lexi films games, fills water bottles, and keeps stats for the team. She has never been a manager before as she usually plays.

Lexi would like to play again in the future because her favorite sport is basketball. Outside of being a manager, Lexi babysits in her free time. Her favorite food with Chick-fil-A sauce is simply chicken

Watching a fast-paced game like volleyball can be hard. Where does the eye go?

Do you keep your "eye on the ball" as it bounces somewhat chaotically or are you watching the five or six players on the team as they interact with each other?

While a mathematician could probably extrapolate where the ball would bounce next based on the physics of the ball's trajectory and the magnus effect, continuous practice of a team has helped them gain the same insight and how to use the information to their advantage.

Knowledge is one thing, reaction is everything. There's something to be said for the continuous pursuit of self-betterment, the honing of our reactions into something we can be proud of.

As Kerri Walsh Jennings said, "I don't want to be better than you or her or him, I want to be better than I am right now."
